

# OPPORTUNITY GRANTS

**A new program supporting footwear employees with funding for upskilling and professional development.**

Two Ten Opportunity Grants provide financial assistance to industry employees who want to pursue job-focused skills training, obtain professional certifications, or complete other types of professional development to advance their careers. **The first wave of Opportunity Grants is earmarked for the Women in the Footwear Industry (WIFI) community.** Two Ten is committed to increasing representation of women in leadership roles and seeks to help advance the careers of all women who work in footwear. If you identify as a woman and have worked in the industry for at least one year we encourage you to apply! Applications are considered on a rolling basis throughout the year. You can also nominate a colleague who might benefit from a grant for an upskilling or professional development opportunity.
